

**Mesometeorological Observations at ASRCT Sakaerat Experiment Station**  
(Nakhon Ratchasima).

SOMSAK SUPORN RATANA.

Applied Scientific Research Corporation of Thailand (ASRCT), 1972.

**ABSTRACT**

A general account of the scope and aims of the mesometeorological network of eight stations at the ASRCT Sakaerat Experiment Station is given in Report no. 5 on Research Project 27/1<sup>+</sup>

Sakaerat Experiment Station is located at approximately latitude  $14^{\circ}30'N$  and longitude  $101^{\circ}55'E$

A change in nomenclature has been adopted and the stations have been numbered serially from 1 to 8, as set out below:

<b>Station No</b>	<b>Station designation</b>	<b>Altitude (m)</b>
1	Living Quarters Station	370
2	Kasetsart University Station	260
3	Station 1	480
4	Station 2	560
5	Station 3	425
6	Station 4	340
7	Station 5	500
8	Station 6	507

The present report summarizes data from these stations during the period July 1969 to March 1970
